

Clot d'encis

Red 2020

Terra Alta, Spain

VARIETAL 71% Grenache, 21% Syrah, 8% Carignan

AGING Stainless steel

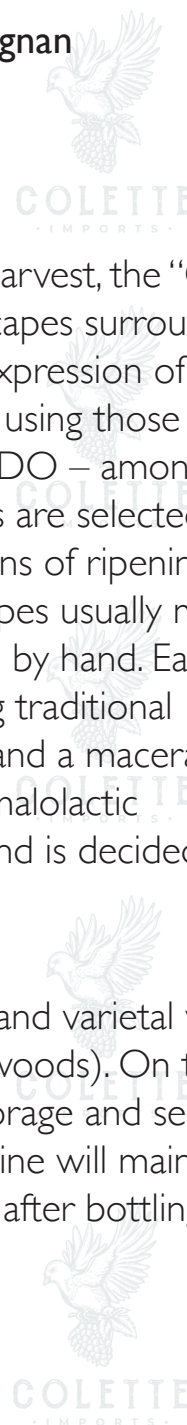

ALCOHOL 14%

MORE INFORMATION

Ever since the Clot wines started with the 1996 harvest, the “Clot d’encís” wines have conjured up the unique landscapes surrounding the town of Bot in Catalonia, offering a modern expression of local wine-making tradition. This wine is produced using those varieties of red grapes best adapted to Terra Alta DO – among which Grenache is the most important one. Vines are selected for their moderate production and optimum conditions of ripening and health. The traditional Carignan and Syrah grapes usually make up the rest of the blend. The grapes are harvested by hand. Each variety of grape is then processed separately using traditional vinification methods under controlled conditions and a maceration time between eight and fourteen days. After the malolactic fermentation, each wine is tasted and the final blend is decided. The wine is slowly stabilized before being bottled.

TASTING NOTES

Tasting notes: red colour with purple glints. Fruity and varietal wine with fine hints of terroir aromas (Mediterranean woods). On the palate it is full-bodied, fruity and well-balanced. Storage and serving suggestions: under good storage conditions, this wine will maintain its characteristics during the first and second year after bottling date.
